SuperBoom

CAPABILITY STATEMENT

2026

COMPANY PROFILE

ABOUT US

SuperBoom Pty Ltd is a trusted provider of high-quality civil construction and infrastructure solutions, delivering safe, efficient and cost-effective outcomes across government, commercial, tunnelling, rail and private sector projects.

Our approach is underpinned by a strong commitment to excellence, innovation and sustainability. We focus on building long-term client partnerships and consistently delivering projects to a high standard, resulting in a strong track record of repeat business.

WORKFORCE CAPABILITY

Our construction team is comprised of experienced supervisors, leading hands, plant operators and truck drivers, supported by a well-established and highly capable labour force. This depth of experience enables us to deliver projects safely, efficiently and to specification, regardless of scale or complexity.

Locations: Moorebank NSW and Kent Town SA

SERVICES OFFERED

CIVIL CONTRACTING / PLANT HIRE / WORKFORCE

SITE DELIVERY / CIVIL CONSTRUCTION

CIVIL CONTRACTING

SuperBoom Pty Ltd is committed to delivering maximum value by implementing efficient, cost-effective solutions, supported by responsive service and reliable availability to meet project demands.

SPECIALIST VACUUM EXCAVATION

PLANT HIRE

SuperBoom Pty Ltd owns and operates a comprehensive fleet of standard and specialised civil construction equipment, available for both wet and dry hire across short and long term engagements.

Our fleet includes a wide range of excavators (up to 50 tonnes), skid steer loaders (bobcats), dump trucks, sweepers, water carts, and non-destructive digging (NDD) vacuum trucks. We also provide transport solutions, including low loaders and tilt tray trucks, supported by a broad selection of attachments and GPS enabled equipment to ensure accuracy and efficiency on site.

LABOURING

SuperBoom Pty Ltd maintains an established and highly capable labour force, able to supervise, operate, and manage all equipment, ensuring seamless delivery across project requirements.

All personnel hold the required licences and certifications, and participate in ongoing training to ensure continued compliance, uphold safety standards, and maintain operational excellence.

EXPERIENCED SITE WORKFORCE

FLEET & EQUIPMENT

Owned and operated standard and specialised civil construction plant, available for wet and dry hire.

EARTHMOVING / EXCAVATORS UP TO 50 TONNES
